

Florida Statutes provide that the Clerk of the Circuit Court is responsible for the administration of tax deed sales.

HOW CAN A TAX CERTIFICATE BE BROUGHT TO SALE?

If a certificate is not redeemed within two years from the date the taxes became delinquent; the certificate holder may apply for a tax deed, and bring the land to sale at a public auction. Example: 2015 taxes are delinquent April 1, 2016; therefore, a tax deed application may be made on April 1, 2018. A certificate holder who wishes to apply for a tax deed must redeem all other certificates, unpaid taxes and other fees as mandated by state law. For further information on tax certificates contact the Charlotte County Tax Collector at 941-743-1350

1. A notice of Application for Tax Deed, which states the date and time of sale and the amount due to redeem the property is mailed.

2. If the owner resides in the State of Florida, the sheriff of the county where the owner resides will attempt to serve a notice of Application for Tax Deed to the owner.

3. The Notice of Application is published once each week for four consecutive weeks at weekly intervals in a newspaper selected as provided in s.197.402. No tax deed sale shall be auctioned until thirty days after the first publication of the notice.

WHAT HAPPENS IF I AM THE HIGH BIDDER?

Once all fees have been paid, a Tax Deed is issued and recorded in the name you request for the property on which you were the high bidder. According to Florida Statute 197.562, "Any person, firm, corporation, or county that is the grantee of any tax deed under this law shall be entitled to the immediate possession of the lands described in the deed."

CAN A TAX DEED SALE BE STOPPED?

Yes. According to Florida Statute 197.422, tax deed property may be redeemed anytime prior to the recording of the tax deed if all back taxes and fees are paid to the Tax Collector.

DO LIENS SURVIVE THE ISSUANCE OF A TAX DEED?

You may wish to consult your attorney. Florida Statute 197.552 provides, in part, "...except as specifically provided in this chapter, no right, interest, restriction, or other covenant shall survive the issuance of a tax deed, except that a lien of record held by a Municipal, County or Federal Government unit, when such lien is not satisfied as of the disbursement of proceeds of sale under the provisions of s.197.582, shall survive the issuance of a tax deed..."

NOW THAT I HAVE A TAX DEED WHAT MUST I DO?

There may be additional processes that are necessary in order to obtain marketable title. However, this question cannot be answered by the Tax Collectors Office. You may wish to contact your attorney for further information

WHAT HAPPENS WHEN THERE ARE NO BIDDERS AT THE COUNTY TAX DEED SALE?

The property goes on the list of "Lands Available for Taxes" pursuant to Florida Statute 197.502. The 1999 FL Legislature amended the process of obtaining tax deeds for real property by holders of tax sale certificates, section 197.502, Florida Statutes, effective May 26, 1999. See Chapter 99-190, Laws of Florida (see Senate Bill 1534, sections 3-5). As described below, portions of this law apply only to property that is on the list of lands available for taxes upon which there are no outstanding tax sale certificates that were issued prior to July 1, 1999 (see Senate Bill 1534, section 8).

The new law changes the start date for determining the 90-day period the county may purchase land from the list of lands available for taxes. Under prior law, the 90-day period began the day after the public sale. Under the new law, the 90-day period begins when the land is placed on the list of lands available for taxes.

The new law changes the period of time land can be transferred to the county, from seven years from the date the land is offered for public sale to three years from the date the land is offered for public sale. See section 197.502 (8), Florida Statutes (1999).
